

## HOW TO CLEAN YOUR CLOTH FACE MASK

Cloth face masks should be washed **DAILY** after being worn.

Please remember to wash your hands after handling or touching the face mask.

## HOW TO WASH MASK

### WASHING MACHINE

- You can wash your cloth face mask with your regular laundry
- Use regular laundry detergent & a warm water setting. The warmer the better

### CLEANING BY HAND

- Prepare bleach solution by mixing 4 teaspoons of bleach with a quart of room temperature water
- make sure the bleach that you are using is intended for disinfection
  - some "color-safe" bleaches may not adequately disinfect for COVID-19
- never mix any household bleach with ammonia or other cleaners
- soak the mask in the bleach solution for 5 minutes
- rinse thoroughly with cool or room temperature water

## HOW TO DRY MASK

- Use the highest heat setting & leave in the dryer until completely dry
- You may also air-dry by laying the mask flat & allowing to air dry
- If possible, allow the cloth mask to air dry in direct sunlight
